DETAILED ACTION

Information Disclosure Statement

1. Applicants have provided the missing references from the IDS, filed July 29, 2003. However, there was no PTO-1449 (or equivalent form) with the submission. The examiner will initial the originally submitted PTO-1449, but it should be noted that references 1-29 were previously considered.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-6, 25, 27-29, and 35 are rejected under 35 U.S.C. 102(b) as being anticipated by Harris et al. (US Patent Number 2,858,095).

Harris et al. disclose a support element (38), flexible element (44, 46), actuating element (24), biasing element (30), housing (20), and a coupling mechanism comprising a cam mechanism (62, 64, 54, 56).

4. Claims 1-6, 25, 27-29, and 35 are rejected under 35 U.S.C. 102(b) as being anticipated by Winterer et al. (US Patent Number 5,810,323).

Winterer et al. disclose a support element (86), flexible element (16), actuating element (30), biasing element (70), housing (80), and coupling mechanism comprising a cam mechanism (52, 48).

Allowable Subject Matter

5. Claim 26 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
